## PROJECTS

- <https://www.triseasfoodcompanyinc.in> - Developed the Triseas Food Company INC website, an e-commerce showcase platform built with LAMPP as a friendly gesture for a friend. It specializes in displaying seafood merchandise and includes a dedicated admin page for managing product additions.
- **PDF Generation API** - Developed a REST API using Node.js and Express that converts HTML code into PDF files. The API processes HTML input and returns the corresponding PDF document, enabling seamless PDF creation from web content.
- **Chat System** – Chat System like Telegram Without WEBSOCKET.
